If you are wearing a military uniform, or once wore one, or care about anyone who serves or has served our country, we would like to meet you.

Please bring your family, friends and guests. Enjoy a continental brunch on us and explore our information tables to discover some of the many programs and activities of the American Legion and its Auxiliary in the local area. We serve not only our members, but all veterans, active military and their families, as well as helping throughout our community. We are volunteers who care about what happens in our community.
